## COURSES

Exchange students may select from many of the 4,000 courses across our six faculties. A full list of courses can be found on the UQ Courses and Programs website ([www.uq.edu.au/study](http://www.uq.edu.au/study)).

To look up a course enter a search term, select "Courses" from the drop-down menu, then "Search". Once the search results have appeared, click on the "Study Abroad" link under "Refine your search" (to the left of the screen). Choose "Show only pre-approved courses for Study Abroad students" (only courses not requiring approval from UQ will show up).

Students should note the code of any course they wish to study - they will need to write it on their application form. If they want to take a course that requires approval (eg. higher level courses or Law courses) the UQ Exchange Advisor will forward their application to the appropriate faculty.

UQ has four main campuses - St. Lucia, Ipswich, Herston and Gatton. Most exchange students study at either the St Lucia or Gatton campus. Students should try not to timetable courses taught at two different campuses on the same day. If the majority of their courses are taught on one campus (e.g. Gatton), they should make accommodation arrangements close to that campus.

**PLEASE NOTE: Most Health Science courses (Medicine, Dentistry, Physiotherapy, Pharmacy, Occupational and Speech Therapy and Vet Science courses) cannot be studied by exchange students.**
